for the agricultural sector

MAC

Manica Agribusiness Centre

The Manica Agribusiness Center is an technical and vocational training institute created by the NCBA CLUSA managed "Technical, Vocational and Educational Training Project.

Located at the ISPM,
Matsinho, Vanduzi,
Manica Province

86 209 8178

THE CENTER

The **Manica Agribusiness Center (MAC)** is an agricultural technical training institute created by the Technical, Vocational and Educational Training project, financed by **NORAD** and implemented by **NCBA CLUSA** in partnership with the **Manica Superior Polytechnic Institute (ISPM)**.

The **MAC's** objective is to provide the agricultural workforce with the practical skills and knowledge needed to carry out their work safely, effectively and to the standards required to meet local, regional and international markets.

THE COURSES

Come to our training center, or we can train you on your own farm

Our courses are **short, practical, market driven** and **produced** together with private sector specialists such as:

Lonagro/John Deere (Tractor Operator Training)

Yara Fertilizers (Crop Nutrition)

Syngenta (Phytosanitary Training for Horticulture)

Experts in international accreditation systems (Fair-Mark, for Global Gap and SMETA certification)

We can work with YOUR company to create and run courses which promote your products and grow your market share

JOIN US ON OUR MODEL FARM

YOU'LL FIND ON THE MODEL FARM:

Drip and Sprinkler Irrigation

Certified Seed Production

Greenhouses

Improved production techniques, such as fertilization and soil conservation, minimum tillage soil preparation, improved crop genetics, integrated pest and disease management techniques

Plenty of space and resources to promote your products and services
