We are saving lives of Ukrainian kids

CHARITY PROJECT
«CHILDHOOD WITHOUT WAR»

The war in Ukraine has been already going on for more than 5 months.
Over 4000 missiles hit our country.
More than 1000 children suffered from invader's aggression.
The life of every child, left in Ukraine, is in dangerous.

CHARITY PROJECT
«CHILDHOOD WITHOUT WAR»

Starting from March, 24

WE HAVE ALREADY EVACUATED

1600 children

and persons accompanying them
from Ukraine to Turkey

WE PROVIDE:

- transportation from Ukraine to Turkey (Antalya)
- accommodation in hotels
- balanced 4-time nutrition
- educational and entertaining events
- insurance and medical care

CHARITY PROJECT «CHILDHOOD WITHOUT WAR»

THE MAIN IDEA OF THE PROJECT

is to evacuate and meet the essential needs of the less protected ones for the period of the war:

- orphan kids;
- kids deprived of parental custody and care;
- kids in complicated life circumstances.

As well as persons accompanying them, guardians and their children.

OUR MISSION is to save childrens's lives, to preserve their physical and mental health for the period of war in Ukraine.

OUR GOAL is to evacuate **more than 1400 children** from Ukraine to peaceful and safe Turkey.

OUR TASK is to attract as much help as it is possible to the project.

HELP TO SAVE MORE CHILDREN!

The war in Ukraine continues and, unfortunately, it won't be over tomorrow.

There are children waiting for evacuation now in the dangerous areas of Ukraine, and there is nobody to help them except of us.

Together, we can save them!

IT'S A GREAT IDEA, but we can't realize it without **HELP!**
YOUR HELP!

We're in need of **YOUR financial** and **actionable** help: volunteering and providing our children with services and necessary products.

WHY WE CHOOSE TURKEY?

- It's safe.
- It's economically logical, as the prices for food and basic necessities in Turkey are lower than in Europe.
- The sun, sea and fresh air of Antalya will effect positively on psychological and physical recovery of the children health.
- Turkey is a country of developed hotel infrastructure.
- Turkey is a country of medical services of a high quality.

«GIVE A CHILD A SAFE LIFE» SCHOLARSHIP

The simplest way to save the life of an orphan child is to take over his/her monthly maintenance.

1. **You pay the monthly rates of the kid's maintenance - 360€**, which includes accommodation, nutrition, medical insurance, entertainment and education.

2. The funds are credited to the «Childhood without War» charity fund that pays the bills for the maintenance of the children.

3. We will send you a letter, as a gratitude from a child, who is rescued with the help of your donation. However, for the sake of the security reasons we will not be able to reveal the child's name and place of residence.

4. We will remind you about this payment every month, as the kids will be carrying on their evacuation in Turkey till the end of the war in Ukraine, when the repatriation becomes safe for them.

Send an email with a subject «SCHOLARSHIP» to t.mikheienko@uakids.com and mention your name, surname and contact number to stay connected.

«CHILDHOOD WITHOUT WAR»

The founder and ideological inspirer of the project is the Ukrainian businessman, co-owner of the EVA and VARUS national retail chains Ruslan Shostak.

«Children are our future and they are to grow up in the right conditions. Our project will provide a peaceful sky and preserve both the psychological and physical health of the children. War - is a difficult psychological test»

Ruslan Shostak

Ruslan assembled a strong team to implement the project and covered 90% of all the expenses of the project for the first 3 months of the war. We do not know when it will be safe to return the children to Ukraine, and we can't predict the costs of maintaining the children until the end of the project. However, we know for sure that we will ensure the safety and well-being of children for as long as it takes.
